Air Force Experience:

- 40 projects
- 12 customers
- \$230+M in design and construction

Navy and Marine Corps Experience:

- 67 projects
- 24 customers
- \$430+M in design and construction

WHO IS ESG?

Founded almost thirty years ago, ESG is a full-service design and construction firm with a key focus on the federal sector. We have the nationwide capability to provide facility delivery services through design-build, DBB, and alternative financing procurement methods. ESG has over 400 employees at 30 different locations across the country, serving our clients every day.

ESG has delivered more than \$4B worth of projects to more than 500 CONUS clients. We have delivered projects from \$1M to \$262M. We are an FSCL holder and have worked at secure locations, including Kings Bay Naval Station and the Pentagon.

Hill Air Force Base | Ogden, UT

WHAT CAN ESG DO FOR YOU?

Every day, ESG is actively delivering projects to federal clients across the country. With the ability to provide most facility types, ESG has a primary focus on energy resiliency and sustainment projects. We are experts in all types of energy, water conservation, and utility projects. ESG can support your program needs in the areas of general construction and specific energy project delivery.

Kings Bay Naval Sub Base | Kings Bay, GA

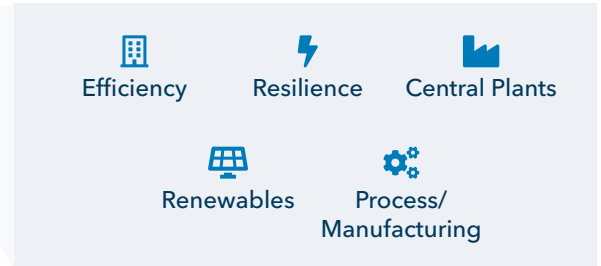

HOW DOES ESG WORK?

ESG delivers successful owner outcomes by focusing on the key tasks of SAFETY, quality, and timely delivery.

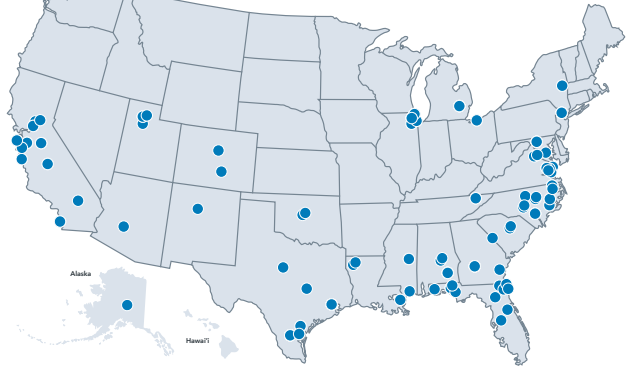

- **Safety:** ESG ended 2022 with a 0.6 TRIR, which is 68% lower than the national average of other companies within our NAICS code.
- **Quality:** ESG has rigorous quality control systems that prevent and minimize any quality escapes during project delivery.
- **Timeliness:** ESG uses advanced scheduling and project control systems to ensure on time project delivery to our federal clients.
